Hi Dan,

Pursuant to VII.B of the MOA, EPA and FC will address any comments received during the comment period and recommend actions, if necessary. We can coordinate on the response and send separate letters to GRIC. Can you address their concern regarding management decisions related to the site could have been comprised, but trust that FC has re-evaluated and refined their management decisions to assure compliance with the stipulations in the MOA and HPTP? I will consult my manager on the draft response and let you know if we have additional input.

Thanks, Nancy

Hi Nancy,

I've attached the original January 24, 2019 GRIC letter as well as our proposed draft response to them addressing their concerns in that letter. Please review and let me know if we can send this response to Mr. Lewis at GRIC or need to address to you and copy GRIC.

Best Regards,
